

EXPERIENCE

Residential Designer – Voo Design

Self Employed Services | Orchard Lake, MI | September 1999 - Current

- Reviewed blueprints and plans before submitting them for building permits.
- Evaluated existing structures for potential remodeling opportunities based on current trends in design styles.
- Attended meetings with clients to discuss their needs and expectations related to the project.
- Developed color palettes that complemented architectural features while maintaining a cohesive look throughout the space.
- Provided cost estimates for all design elements prior to implementation.
- Developed conceptual design plans for residential projects, including space planning and aesthetic considerations.
- Collaborated with architects, contractors, and subcontractors to ensure accuracy of plans and specifications throughout the project lifecycle.
- Inspected construction sites on a regular basis to monitor progress and adherence to approved plans.
- Visited showrooms and vendors to select furnishings that fit within client budgets while still meeting desired aesthetic goals.
- Assessed and fulfilled customer needs when visiting home sites.
- Developed interior design concepts and prepared interior systems and finishes.
